Restrooms ☆

Picnic Shelters □

Horseshoe Pits ○

Camper storage is located on the north edge of the club, along the old haul road.

The camper dump station is located near the back gate.

Instructions for Camper Sign-In:

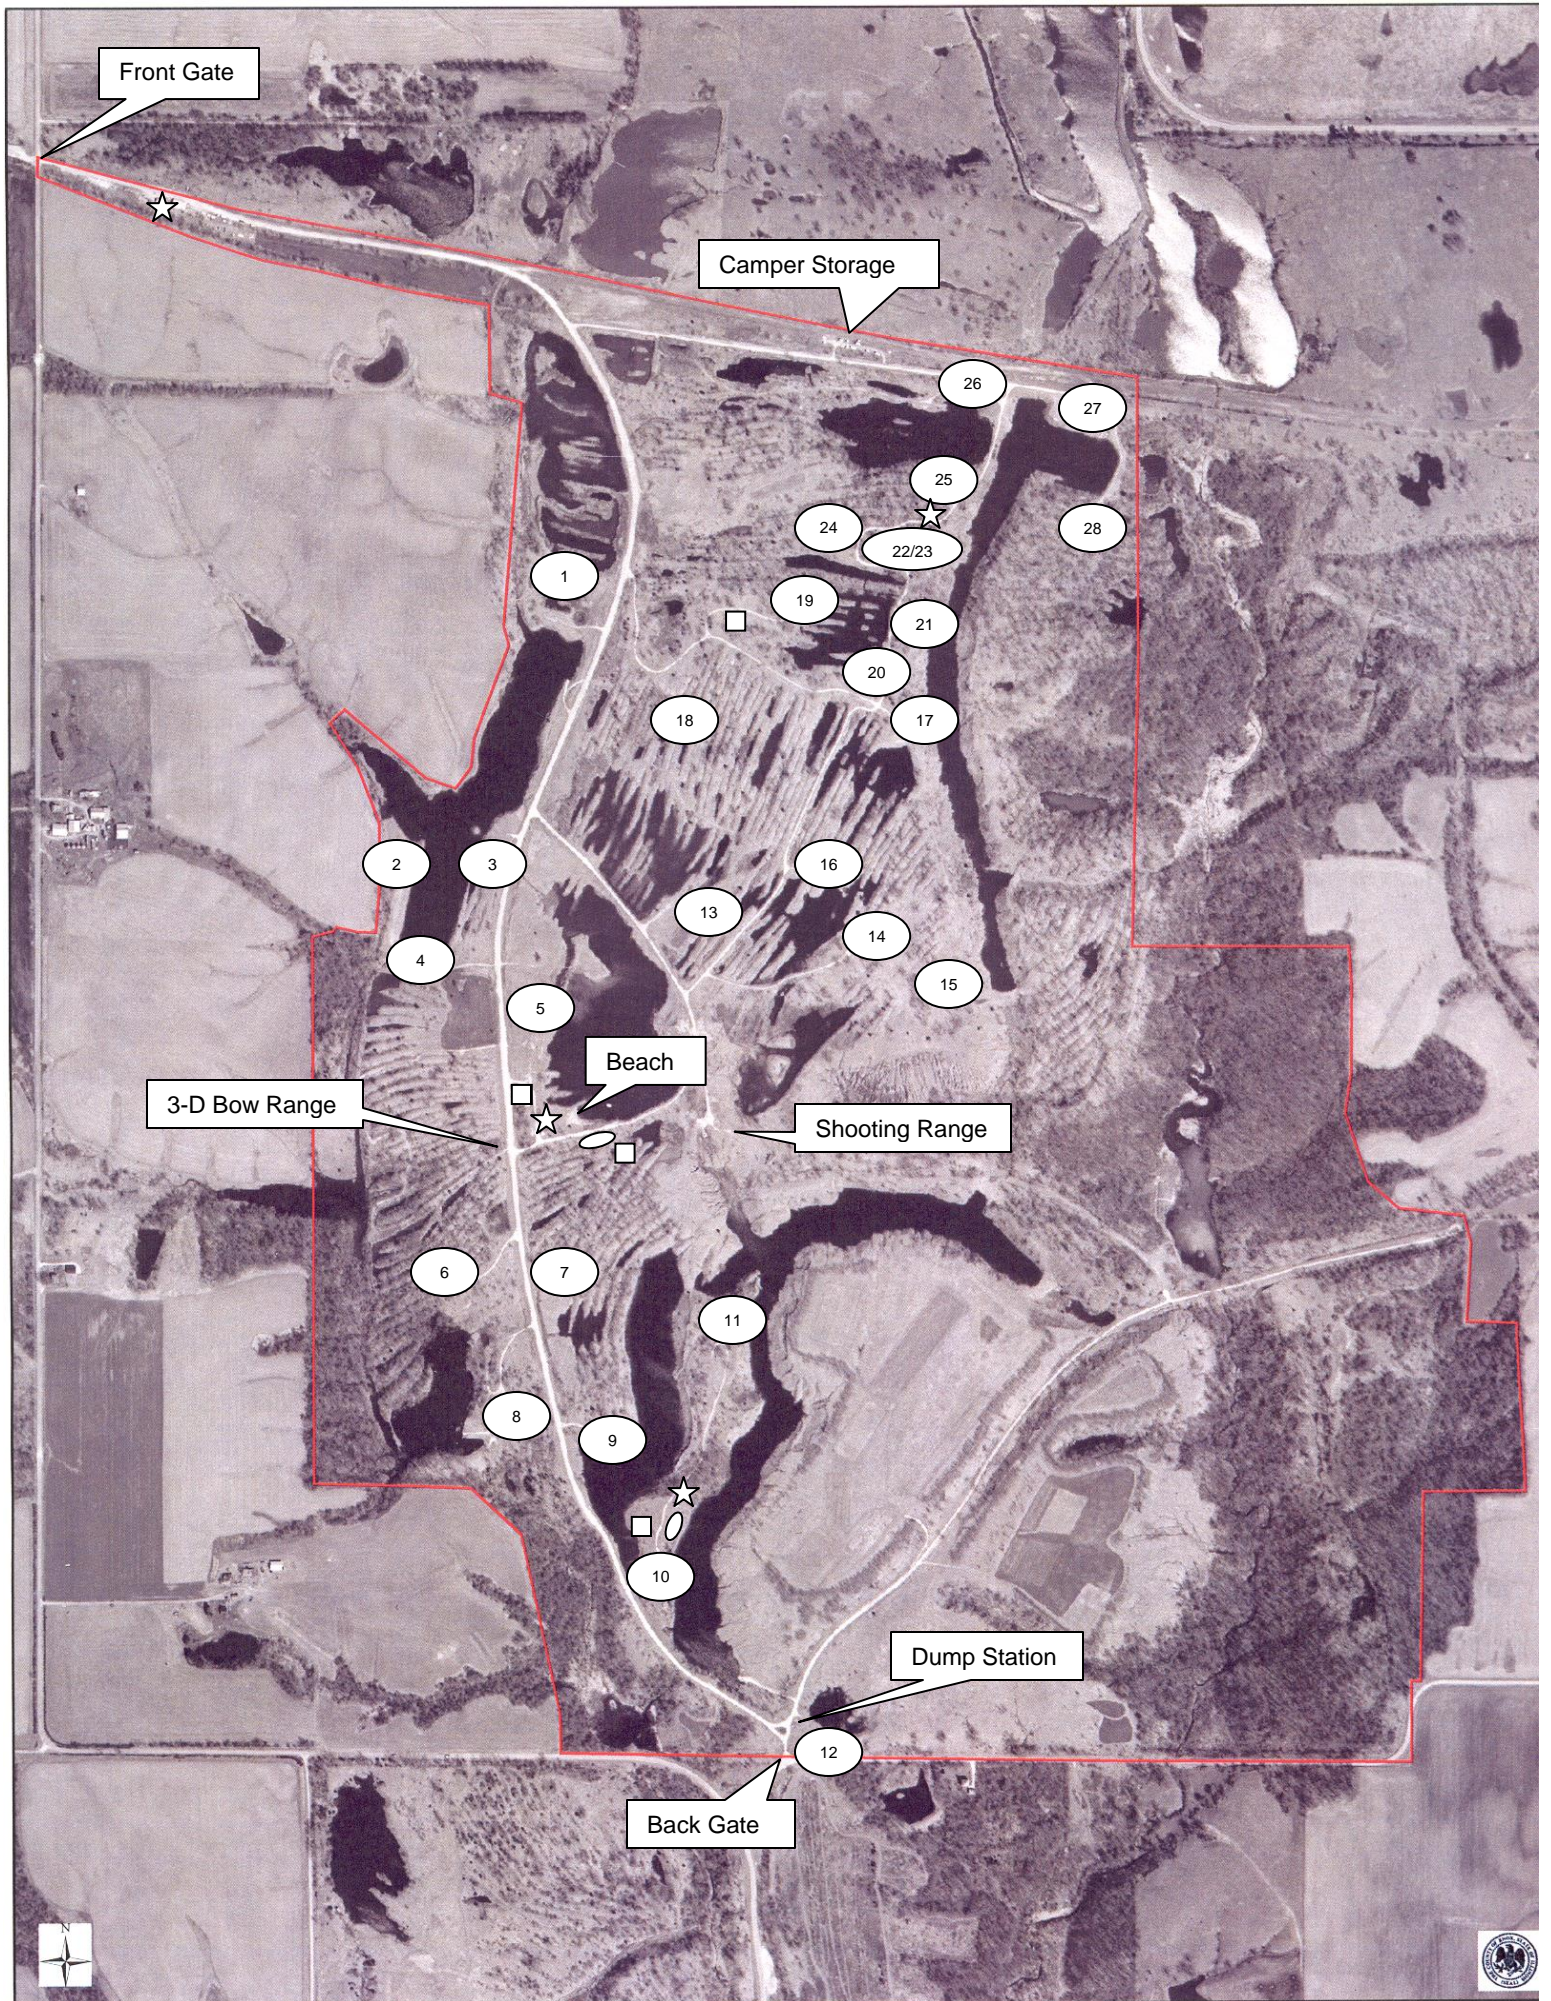

Fill in your name, Key #, and the campsite you are occupying. If a guest is with you, there's a space for their name & license #. You must be with your guests while they are on club grounds.

Fill in the date you started camping at this spot, and each consecutive day you stay there. You are allowed to stay 2 weeks or 3 weekends with the maximum time being 17 days if you move in on a Friday and leave 2 weeks later on a Sunday. If you come in mid-week, you'll only get 14 days with 2 weekends.

Fill in the Sign Out date on the day you leave. No matter how many days you have camped, at this point you must move your camper/tent completely off campgrounds. Either place it in the storage areas on club grounds or take it home for 4 consecutive days.

If you choose to store your camper at the club, fill in another line on the Sign-In Sheet showing the storage area as your campsite. The 17 day rule does not apply to the storage area. Guests may not use storage areas.

If you have questions, contact a board member.
